

ASHRAF KAMARUDIN

SOFTWARE ENGINEER

PERSONAL PROFILE

I am a passionate software developer with 3 years working experience with PHP. I love to read and explore various new web technologies and am always on the lookout for good concept, design patterns and best practices to learn and apply on my work/projects. I am an adept learner so I can pick up any tools or languages in a very short time.

EMPLOYMENT HISTORY

JUNIOR SOFTWARE ENGINEER

RunCloud Sdn Bhd (Sept 2019 - Present)

Develop new features, improvement to existing features and maintain current RunCloud Server panel. Mostly working on the back-end side of RunCloud microservices, and sometimes a little front-end when needed. Technology Stacks I used here are Laravel, VueJS and Echo(Go Framework).

Some of the feat I've done here are :-

- DNS Manager (Cloudflare Integration)
- Custom NGINX Config with debugger.
- Custom File Manager (VueJS)
- Web Application Tools (CHOWN, Change Web App Owner)
- Enhance Admin Dashboard (Display Git Logs, Web App list and Promotion Panel)
- RunCloud Education
- RunCloud Backup V2

Freelance Front-End Web Developer

WinApp Sdn Bhd (June 2019 - August 2019)

Responsible for developing from scratch, an Admin Dashboard called Insight Dashboard

- Displays statistics for various aspects for WinApp Mobile App to help the company find and analyze ways to improve user experience and services offered.
- Built using Laravel 6 interacting with 4 different databases which are MySQL, PostgreSQL, Neo4j(GraphQL) and AWS S3 (For image files).
- Hosted on AWS.

PREVIOUS EDUCATION

Universiti Malaysia Pahang

Bachelors Degree in Computer Science (Software Engineering)
